The company has found a niche in the market for high performance, one of a kind builds and collaborates within nationally recognised, New Zealand suppliers.

Land Homes corporate head office is not a building company but a marketing company. The corporate office consists of quantity surveyors, architectural designers, engineers, HR support and marketing department.

Land Homes has successfully launched Land Design as a high-performance architectural brand, opening markets for innovative build products, such as SIP panels and many more. Land Design is a respected Architectural brand throughout New Zealand. With shared values the Land Homes/Land Design brands are under a unifying banner to bring quality, bespoke, high value homes to the nationwide market.

Our inhouse Land Design team and expert head office staff are specialists in their fields, ready to assist with ongoing support and training.
